I. Introduction

The District is committed to providing a safe and orderly school environment where students may receive and the District personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, other District personnel, parents, and other visitors is essential to achieving this goal.

The District has a long-standing set of expectations for conduct on school property and at school functions. These expectations are based on the principles of civility, mutual respect, responsibility, citizenship, character, tolerance, honesty, integrity, and dignity.

The Board of Education recognizes the need to clearly define these expectations for acceptable conduct on school property and at school functions, to identify the possible consequences of unacceptable conduct, and to ensure that discipline, when necessary, is administered promptly and fairly. Further, the Board of Education recognizes the importance of instruction as defined in the Dignity for All Students Act. All District staff members will comply with these provisions by providing instruction on tolerance, respect for others, and dignity, including awareness and sensitivity to harassment, bullying, cyberbullying, discrimination, and civility. This includes, but is not limited to, actual or perceived differences in race, color, weight, national origin, ethnic group, religion, religious practice, mental or physical disability, socio-economic status, sexual orientation, gender, and sex. To this end, the Board adopts this Code of Conduct in compliance with New York State Education Law.

Unless otherwise indicated, this Code applies to all students, school personnel, parents, volunteers, vendors, contractors, and visitors when on school property or attending a school function. This Code also applies to off-campus conduct that creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable that the conduct might reach school property.

VI. Prohibited Student Conduct

The District expects all students to conduct themselves in an appropriate and civil manner, with proper regard for the rights and welfare of others, and for the care of school property and equipment.

Discipline should be self-imposed, and students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior. District staff who interact with students are expected to use disciplinary action when necessary and to place emphasis on the students’ ability to grow in self-discipline. Complaints of bullying or cyberbullying will be investigated promptly, and corrective action will be taken when a complaint is verified. The District prohibits any retaliatory behavior directed against complainants, victims, witnesses, or any other individuals who participated in the investigation of the cyberbullying complaint.

H. The absence of a specific rule will not be license or reason for showing disrespect or limiting the rights of others.

Most importantly, any student observing an individual possessing a weapon, alcohol, or illegal substance or another individual engaging in harassment, bullying, or discrimination on school property or at a school function will report this information immediately to an appropriate adult, school official, or District staff. Additionally, any student that observes cyberbullying off campus shall immediately report this misconduct to a school official or employee.

All District staff that are authorized to impose disciplinary sanctions are expected to do so in a prompt, fair, and lawful manner. District staff who are not authorized to impose disciplinary sanctions are expected to promptly report violations of the Code of Conduct to their supervisor(s), who may in turn impose an appropriate disciplinary sanction.
Any weapon, alcohol, or illegal substance found will be confiscated immediately, if possible, followed by notification to the parent of the student involved and the appropriate disciplinary sanction if warranted, which may include permanent suspension and referral for prosecution.

The notification will be by appropriate mail service and followed up by a phone call, if time permits. The notification must identify the student and explain the conduct that violated the Code of Conduct and constituted a crime.

VIII. Disciplinary Consequences, Procedures, Referrals, and Alternative Instruction

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that students view as fair and impartial.

Disciplinary action, when necessary, will be firm, fair, and consistent so as to be the most effective in changing student behavior. In determining the appropriate disciplinary action, school personnel authorized to impose disciplinary penalties will consider the following:

- The student’s age
- The nature of the offense and the circumstances which led to the offense
- The student’s disciplinary record
- The effectiveness of other forms of discipline
- Information from parents, teachers, or others, as appropriate
- Other mitigating or extenuating circumstances

Discipline for students with a disability or students suspected of having a disability will be administered consistent with the separate requirements of the Code of Conduct for disciplining students with a disability or presumed to have a disability (see Section IX). A student identified as having a disability will not be disciplined for behavior that is determined to be a manifestation of his/her disability.

A. Consequences

Students who are found to have violated the District’s Code of Conduct may be subject to the following consequences, either alone or in combination. The school personnel identified after each consequence are authorized to impose that consequence, consistent with the student’s right to due process.

1. Verbal warning — any member of the District staff or its representative.
2. Written warning — any member of the District staff or its representative.
3. Written notification to parent — any member of the District staff or its representative.
4. Removal from classroom/educational area by -- teachers, Principal, administrator.

5. Restitution for stolen or vandalized property.

6. Teacher Detention — any member of the District staff.

7. Office Detention — Principal.

8. Suspension from transportation — Principal, Superintendent of Schools in consultation with the Director of Transportation.

9. Suspension from athletic participation — coaches, Athletic Director, Principal, Superintendent of Schools (see Co-curricular Eligibility Policy).

10. Suspension from social, co-curricular or extracurricular activities — activity director, Principal, Superintendent of Schools.

11. Saturday Detention — Principal

12. In-school suspension — Principal, Superintendent of Schools.

13. Short-term (five days or less) suspension from school — Principal, Superintendent of Schools, Board of Education.

14. Long-term (more than five days) suspension from school — Superintendent of Schools, Board of Education.

15. Permanent suspension from school — Superintendent of Schools, Board of Education.

B. Procedures

As part of their education, students need to learn to be responsible. This includes accepting responsibility for their behavior. Consequences may include:

**Warning** - any member of the District staff or its representative may verbally inform a student of the impropriety of his/her conduct (with possible parent contact).

**Teacher Detention** - A student is detained after school with a teacher. A student must complete his/her detention before attending any other school activities. District staff should notify the student’s parents/guardians prior to teacher detention.

**Office Detention** - A student is detained after the school day and is supervised by school personnel. Students are expected to complete schoolwork or read. Talking or socializing is prohibited. School personnel should notify the student’s parents/guardians prior to the office detention.
**Suspension from transportation** - A student is prohibited from using school-provided transportation, however, he/she must attend school. Parents are responsible for arranging transportation to and from school.

**Suspension from athletic participation** - A student is not allowed to participate in school-sponsored sporting events.

**Suspension from social, co-curricular, or extracurricular activities** - A student is not allowed to participate in or attend these activities.

**Saturday Detention** - A student participates in a supervised session on a Saturday.

**Teacher disciplinary removal of disruptive students (2 periods)** A disruptive student is one who substantially disrupts the educational process or substantially interferes with the teacher’s authority over the classroom. A classroom teacher may remove a disruptive student from class for an extended period of time, (more than one class period), however, this applies only to that teacher’s class. Unless the student’s presence in the classroom poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, the teacher will provide the student with an informal opportunity to be heard prior to any removal. In all instances, the teacher will provide the student with an informal opportunity to be heard within 24 hours of the removal.

Following the decision to remove a disruptive student from the classroom, the teacher must complete a disciplinary referral form and meet with the Principal as soon as possible, but no later than the end of the school day, to explain the circumstances of the removal and to present the referral form. If the Principal is not available by the end of the same school day, the teacher must leave the form with the secretary and meet with the Principal before the beginning of classes on the next school day.

Within 24 hours after the student’s removal from the classroom, the Principal or another District administrator designated by the Principal must notify the student’s parents that the student has been removed from class and why. Written notice will be sent by mail or by some other means reasonably calculated to ensure receipt within 24 hours of the student’s removal. The notice must also inform the parent that he/she has the right to request an informal conference with the Principal or the Principal’s designee at which the Principal or the Principal’s designee will explain the reasons for the removal.

The principal may require the teacher who ordered the removal to attend the informal conference, if one is requested. If, at the informal conference, the student or parent denies the charges, an informal hearing will be conducted within 48 hours of the initial removal. At the informal hearing, the student will have the opportunity to present his/her version of the events surrounding the removal. The informal conference should be held within 48 hours of the student’s removal.

The Principal or the Principal’s designee may overturn the removal of the student from class if the Principal finds any that:

1. the charges against the student are not supported by substantial evidence; or
2. the student’s removal is otherwise in violation of law or the District’s Code of Conduct.

The Principal may overturn a removal at any point between receiving the referral form issued by the teacher and the close of business on the day following the 48-hour period for an informal hearing. No student removed from the classroom by the classroom teacher will be permitted to return to the classroom until the Principal makes a final determination, or the period of removal expires, whichever is less.

The Principal may increase the disciplinary consequence imposed upon the student to either an in-school or out-of-school suspension if the Principal concludes the student’s conduct so warrants.

Any disruptive student removed from the classroom by the classroom teacher will be provided continued educational programming and activities in a setting pre-designated by the teacher until the student is permitted to return to the classroom.

Each teacher must keep a complete record for all cases of removal of students, both short term (e.g., timeouts) and extended periods of time from his/her class. The Principal must keep a record of all student removals in his/her building.

Removal of a student with a disability, under certain circumstances, may constitute a change in the student’s placement. Accordingly, no teacher may remove a student with a disability from his/her class until the teacher has verified with the Principal or the Chairperson of the Committee on Special Education that the removal does not violate the student’s rights under state or federal law or regulation.

**In-School Suspension** - A student remains in school in an in-school suspension room for an extended period of time.

**Out-of-School Suspension** - A student is kept out of school in accordance with the processes set forth in Education Law § 3214.

Students who repeatedly violate the Code of Conduct may be recommended for additional review or action.

**C. Referrals to Non-school Agencies**

1. Counseling — The guidance office will handle all referrals of students to counseling.

2. PINS Petitions — The District may file a PINS (person in need of supervision) petition in Family Court on any student under the age of 18 who demonstrates that he/she requires supervision and treatment by:
   
a) Being habitually truant and not attending school.
b) Engaging in an ongoing or continual course of conduct that makes the student ungovernable or habitually disobedient and beyond the lawful control of the school.

c) Knowingly possessing marijuana in violation of Penal Law § 221.05. A single violation of § 221.05 will be a sufficient basis for filing a PINS petition.

3. Juvenile Delinquents and Juvenile Offenders — The Superintendent of Schools will refer the following students to the County Attorney for a juvenile delinquency proceeding before the Family Court:

a) Any student under the age of 16 who is found to have brought a weapon to school, or

b) Any student 14 or 15 years old who qualifies for juvenile offender status under Criminal Procedure Law § 1.20(42).

D. Alternative Instruction

When a teacher exercises a disciplinary removal for a student of any age, or a student of compulsory attendance age is suspended from school, the District will take immediate steps to provide alternative means of instruction for the student.

IX. Discipline of Students with Disabilities

It may be necessary to suspend, remove, or otherwise discipline students with disabilities to address disruptive or problem behavior. Students with disabilities are entitled to certain procedural protections whenever school authorities intend to impose discipline upon them. The Board is committed to ensuring that the procedures followed for suspending, removing, or otherwise disciplining students with disabilities are consistent with the procedural safeguards required by applicable laws and regulations.

This Code of Conduct affords students with disabilities subject to disciplinary action no greater or lesser rights than those expressly afforded by applicable federal and state law and regulations.

A. Authorized Suspensions or Removals of Students with Disabilities

1. For the purposes of this section of the Code of Conduct, the following definitions apply.

a) A “suspension” means a removal from the school or general population for one or more days.

b) A “removal” means an exclusion from the student’s current educational placement for disciplinary reasons, other than a suspension and change in placement to an interim alternative
educational setting ("IAES") ordered by an impartial hearing officer, because the student poses a risk of harm to himself/herself or others.

c) An interim alternative educational setting ("IAES") means a temporary educational placement for a period of up to 45 days, other than the student’s current placement at the time the behavior precipitating the IAES placement occurred, that enables the student to continue to progress in the general curriculum and to progress toward meeting the goals set out in the student’s individual education plan ("IEP"), while continuing to receive the appropriate services and modifications, and includes services and modifications to address the behavior which precipitated the IAES placement that are designed to prevent the behavior from recurring.

2. School personnel may order the suspension or removal of a student with a disability from his/her current educational placement as follows:

   a) The Board, the Superintendent of Schools, or a Principal may order the placement of a student with a disability into an appropriate IAES, another setting, or suspension for a period not to exceed five consecutive school days and not to exceed the amount of time a non-disabled student would be subject to suspension for the same behavior.

   b) The Superintendent may, consistent with the procedural requirements set forth in Education Law § 3214, order the placement of a student with a disability into an IAES, another setting, or suspension for up to 10 consecutive school days, inclusive of any period in which the student has been suspended or removed under subparagraph (a) above for the same behavior, if the Superintendent determines that the student has engaged in behavior that warrants a suspension and the suspension or removal does not exceed the amount of time non-disabled student would be subject to suspension for the same behavior.

   c) The Superintendent may, consistent with the procedural requirements set forth in Education Law § 3214, order additional suspensions of not more than 10 consecutive school days in the same school year for separate incidents of misconduct, as long as those removals do not constitute a change of placement.

   d) The Superintendent may, consistent with the procedural requirements set forth in Education Law § 3214, order the placement of a student with a disability in an IAES to be determined by the Committee on Special Education (CSE), for an period equivalent to the term of the suspension ordered by the Superintendent following a
Superintendent’s hearing or 45 days, whichever is less, when a student carries or possesses a weapon on School Premises or at a School Function; the student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while on School Premises or at a School Function; or the student inflicts serious bodily injury on another person while on School Premises or at a School Function.

(1) “Weapon” means the same as “dangerous weapon” under 18 U.S.C. § 930 (g) (w) which includes “a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of causing death or serious bodily injury.” (see also Article II).

(2) Subject to specified conditions required by both federal and state law and regulations, an impartial hearing officer may order the placement of a student with a disability in an IAES setting not more than 45 days at a time, if maintaining the student in his or her current educational placement poses a risk of harm to the student or others.

B. Change of Placement Rule

1. A disciplinary change in placement means a suspension or removal from a student’s current educational placement that is either:
   a) For more than 10 consecutive school days; or
   b) For a period of 10 consecutive school days, or less if the student’s suspensions accumulate to more than 10 school days in a school year because of such factors as the length of each suspension or removal, the total amount of time the student is removed and the proximity of the suspensions or removals to one another.

2. School personnel may not suspend or remove a student with disabilities if imposition of the suspension or removal would result in a disciplinary change in placement based on a pattern of suspension or removal.

   The District may impose a suspension or removal, which would otherwise result in a disciplinary change in placement, however, based on a pattern of suspensions or removals if the CSE has determined that the behavior was not a manifestation of the student’s disability, or the student is placed in an IAES for behavior involving weapons, illegal drugs, or controlled substances.

C. Special Rules Regarding the Suspension or Removal of Students with Disabilities

1. The District’s Committee of Special Education will:
a) If the behavior is related to the disability, conduct a Functional Behavioral Assessment to determine why a student engages in a particular behavior, and develop or review behavioral intervention plans whenever the District is first suspending or removing a student with a disability for more than 10 school days in a school year or imposing a suspension or removal that constitutes a disciplinary change in placement, including a change in placement to an IAES for misconduct involving weapons, illegal drugs, or controlled substances.

If, subsequently, a student with a disability who has a behavioral intervention plan and who has been suspended or removed from his or her current educational placement for more than 10 school days in a school year is subjected to a suspension or removal that does not constitute a disciplinary change in placement, the members of the CSE will review the behavioral intervention plan and its implementation to determine if modifications are necessary.

b) Conduct a Manifestation Determination Review of the relationship between the student’s disability and the behavior subject to disciplinary action whenever a decision is made to place a student in an IAES either for misconduct involving weapons, illegal drugs, or controlled substances; because maintaining the student in his current educational setting poses a risk of harm to the student or others; or a decision is made to impose a suspension that constitutes a disciplinary change in placement.

2. The parent of a student who is facing disciplinary action, but who has not yet been determined to be eligible for services under IDEA and Article 89 at the time of misconduct, may have the right to invoke applicable procedural safeguards set forth in federal and state law and regulations if, in accordance with federal and state statutory and regulatory criteria, the District is deemed to have had knowledge that their child was a student with a disability before the behavior precipitating disciplinary action occurred. If the District is deemed to have had such knowledge, the student will be considered a student presumed to have a disability for discipline purposes. A student will be presumed to have a disability for discipline purposes if the following has occurred prior to the misbehavior:

(a) The parent of the student has expressed concerns in writing to supervisory or administrative personnel or a teacher of the student that the student is in need of special education. The expression of concern need not be in writing if the parent does not know how to write or has a disability that prevents a written statement; or
(b) The parent of a student has requested an evaluation of the student in conformity with state special education regulations; or

(c) A teacher of the student or other personnel of the district has expressed specific concerns about a pattern of behavior demonstrated by the student, directly to the administrator in charge of special education or to other supervisory personnel of the district.

(d) The parents of a student with disabilities subject to a suspension of five consecutive school days or less will be provided with the same opportunity for an informal conference available to parents of non-disabled students under the Education Law.

(e) Superintendent hearings on disciplinary charges against students with disabilities subject to a suspension of more than five school days will be bifurcated into a guilt phase and a penalty phase in accordance with the procedures set forth in the Commissioner’s regulations.

(f) The removal of a student with disabilities other than a suspension or placement in an IAES will be conducted in accordance with the due process procedures applicable to these removals, except that school personnel may not impose this removal for more than 10 consecutive days or for a period that would result in a disciplinary change in placement, unless the CSE has determined that the behavior is not a manifestation of the student’s disability.

(g) During any period of suspension or removal, including placement in an IAES, students with disabilities will be provided services as required by the Commissioner’s regulations.

D. Expedited Due Process Hearings

1. An expedited due process hearing will be conducted in the manner specified by the Commissioner’s regulations, if:

   a) The District requests such a hearing to obtain an order of an impartial hearing officer placing a student with a disability in an IAES where school personnel maintain that it is dangerous for the student to be in his/her current educational placement, or during the pendency of due process hearings where school personnel maintain that it is dangerous
for the student to be in his or her current educational placement during these proceedings.

b) The parent requests such a hearing from a determination that the student’s behavior was not a manifestation of the student’s disability, or relating to any decision regarding placement, including, but not limited to, any decision to place the student in an IAES.

(1) During the pendency of an expedited due process hearing or appeal regarding the placement of a student in an IAES for behavior involving weapons, illegal drugs, or controlled substances, or on grounds of dangerousness, or regarding a determination that the behavior is not a manifestation of the student’s disability for a student who has been placed in an IAS, the student will remain in the IAES pending the decision of the impartial hearing officer or until expiration of the IAES placement, whichever occurs first, unless the parents and the District agree otherwise.

(2) If school personnel propose to change the student’s placement after expiration of an IAES placement, during the pendency of any proceeding to challenge the proposed change in placement, the student will remain in the placement prior to removal to the IAES, except where the student is again placed in an IAES.

2. An expedited due process hearing will be completed within 15 business days of receipt of the request for a hearing. Although the impartial hearing officer may grant specific extensions of the time period, he or she must mail a written decision to the District and the parents within five business days after the last hearing date, and in no event later than 45 calendar days after receipt of the request for a hearing, without exceptions or extensions.

E. Referral to Law Enforcement and Judicial Authorities

In accordance with the provisions of IDEA and its implementing regulations:

1. The District may report a crime committed by a child with a disability to appropriate authorities, and this action will not constitute a change of the student’s placement.
2. The Superintendent will ensure that copies of the special education and disciplinary records of a student with disabilities are transmitted for consideration to the appropriate authorities to whom a crime is reported.

X. Corporal Punishment

Corporal punishment is any act of physical force upon a student to punish that student.

Corporal punishment of any student by any District staff is strictly forbidden.

In situations where alternative procedures and methods that do not involve the use of physical force cannot reasonably be used, however, reasonable physical force may be used to:

1. Protect oneself, another student, teacher, or any person from physical injury.

2. Protect the property of the school or others.

3. Restrain or remove a student whose behavior interferes with the orderly exercise and performance of District functions, powers, or duties, if that student has refused to refrain from further disruptive acts.

Consistent with District policy #7350, whenever a District staff member uses physical force against a student, the District staff member will, within the same school day, make a report to the Superintendent describing in detail the circumstances and nature of the action taken.

The District will file all complaints about the use of corporal punishment with the Commissioner of Education in accordance with Commissioner’s regulations.

XI. Student Searches and Questioning of Students

The District is committed to ensuring an atmosphere that is safe and orderly on school property and at school functions. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the District Code of Conduct. Students are not entitled to any sort of Miranda-type warning before being questioned by school officials, nor are school officials required to contact a student’s parent before questioning the student. However, school officials will tell all students why they are being questioned.

In addition, the Board of Education authorizes the Superintendent, Principals, school nurses, and District security officials to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will result in evidence that the student violated the law or the District Code of Conduct.

An authorized school official may search a student or the student’s belongings based upon information received from a reliable informant. A person may be considered a reliable informant if they have previously supplied information that was accurate and verified, if they make an admission against their own interest, if they provide the same information that is received from
other independent sources, or if they appear to be credible, and the information they communicate relates to an immediate threat to safety.

Before searching a student or the student’s belongings, the authorized school official should question the student to elicit an admission that he/she possesses physical evidence or that they violated the law or the District Code, or to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.

Whenever practicable, searches and questioning will be conducted in the privacy of administrative offices and students will be present when their possessions are being searched.

A. Student Lockers, Desks, and other School Storage Places

The rules in this Code of Conduct regarding searches of students and their belongings do not apply to student lockers, desks, and other school storage places. Students have no expectation of privacy with respect to these places, and school officials retain complete control over them. This means that student lockers, desks and other school storage places are exclusive property of the District and may be subject to search at any time by school officials, without prior notice to students and without their consent.

B. Strip Searches

A strip search is a search that requires a student to remove any or all of his/her clothing, other than an outer coat or jacket. If an authorized school official believes it is necessary to conduct a strip search of a student, the school official may do so only if the search is authorized in advance by the Superintendent or the school attorney. The only exception to this rule requiring advance authorization is when the school official believes there is an emergency situation that could threaten the safety of the student or others.

Strip searches may only be conducted by an authorized school official of the same sex as the student being searched and in the presence of another District professional employee who is also of the same sex as the student.

School officials will attempt to notify the student’s parent by telephone before conducting a strip search, or in writing after the fact if the parent could not be reached by telephone.

C. Police Involvement in Searches and Police Questioning of Students

District officials are committed to cooperating with police and other law enforcement authorities to maintain a safe school environment. Police, however, have limited authority to interview or search students in schools or at school functions, or to use school facilities in connection with police work. Police may enter school property or a school function to question or search a student or to conduct a formal investigation involving students only if they have:

1. A search or arrest warrant; or
2. Probable cause to believe a crime has been committed on School Premises or at a School Function; or

3. Been invited by school officials to investigate a crime alleged to have occurred on school premises or at a school function.

Before police are permitted to question or search any student, the Principal or his/her designee will first try to notify the student’s parent to give the parent the opportunity to be present during the police questioning or search. If the student’s parent cannot be contacted prior to the police questioning or search, the questioning or search will not be conducted unless the conditions enumerated above exist. The Principal or his/her designee will also be present during any police questioning or search of a student on School Premises or at a School Function.

Students who are questioned by police officials on School Premises or at a School Function will be afforded the same rights they have outside the school.

D. Child Protective Services Investigations

Consistent with the District’s commitment to keep students safe from harm and the mandated obligation of school officials to report to child protective services when they have reasonable cause to suspect that a student have been abused or maltreated, the District will cooperate with local Child Protective Services workers who wish to interview students on school property relating to allegations of suspected child abuse or maltreatment, or custody investigations.

All requests by Child Protective Services to interview a student on school property will be made directly to the Principal. The Principal will decide if it is necessary and appropriate for a school official to be present during the interview or to observe the interview from another room. If the nature of the allegations is such that it may be necessary for the student to remove any of his or her clothing in order for the Child Protective Services worker to verify the allegations, the school nurse or other District medical personnel must be present during that portion of the interview. No student may be required to remove his or her clothing in front of a Child Protective Services worker or District official of the opposite sex. CPS and any of its team members must comply with the District's Code of Conduct and any other applicable policies or procedures.

In the absence of a court order, a Child Protective Services worker may not remove a student from school property, unless the worker reasonably believes that the student would be subject to danger of abuse if he or she were not removed from school before a court order can reasonably be obtained. If the worker believes the student would be subject to danger of abuse, the worker may remove the student without a court order and without the parent’s consent.
XII. Visitors to the Schools

Schools are a place of work and learning and certain limits must be set for visitors. The Principal or his or her designee is responsible for all persons on school property. For these reasons, the following rules apply to visitors:

1. Anyone who is not a staff member or a student in that building is a visitor.

2. Visitors may be granted entrance to school buildings after stating the intention of their visit and presenting government issued photo identification. Upon entering the building, the visitor’s identification will be scanned, making an electronic record of their visit, and to check the visitor’s identification on the national sex offender registry. Visitors may be asked to sign-in on the visitor registry. Visitors must wear the identification tag at all times while on school property. The visitor must return the identification tag to the Front Desk before leaving.

3. Parents or citizens who wish to observe a classroom while school is in session are required to arrange such visits in advance with the building administrator and classroom teacher(s), so that class disruption is kept to a minimum.

4. Teachers are not to take class time to discuss individual matters with visitors.

5. All visitors are expected to abide by the rules for public conduct on school property contained in this Code of Conduct and the code of each building.

6. When individual board members visit the schools, they must abide by the policy and procedure regarding school visits contained in paragraphs 1 through 5.

7. Any unauthorized person on school property will be reported to the Principal or his or her designee. Unauthorized persons will be directed to leave. If the situation warrants, the police may be called.

XIII. Public Conduct on School Property

The District is committed to providing an orderly environment that is based on respect and is conducive to learning. To create and maintain this kind of an environment, it is necessary to regulate public conduct on school property and at school functions. For purposes of this section of the Code, “public” means all persons on school property or attending a school function.

The restrictions on public conduct on school property and at school functions contained in this Code are not intended to limit freedom of speech or peaceful assembly. The District recognizes that free inquiry and free expression are indispensable to the objectives of the District. The purpose of this Code is to maintain public order and prevent abuse of the rights of others.
All persons on school property or attending a school function will conduct themselves in a respectful and orderly manner. In addition, all persons on school property or attending a school functions are expected to be properly attired.

A. Prohibited Conduct

1. Injure any person or threaten to do so.
2. Damage, destroy, or remove District property or the personal property of any one lawfully on school property.
3. Disrupt the orderly conduct of classes, school programs, or other school activities.
4. Distribute or wear materials, on school property or at school functions, which are obscene, libelous, advocate illegal action, obstruct the rights of others, or are disruptive to the educational process.
5. Intimidate, threaten, harass, bully, or discriminate against any person on the basis of a person’s actual or perceived race, age, color, weight, national origin, ethnic group, religion, religious practices, creed, disability, socio-economic status, sexual orientation, gender, sex, or any other legally protected category.
6. Enter any portion of school property without authorization or remain in any building or facility after it is normally closed.
7. Obstruct the free movement of any person in any place to which this Code applies.
8. Violate the traffic laws, parking regulations, or other restrictions on vehicles.
9. Possess, consume, sell, distribute, share, or exchange alcoholic beverages, controlled substances, or illegal drugs, or be under the influence of any of these substances, on school property or at a school function.
10. Possess or use firearms or weapons on school property or at a school function, except in the case of law enforcement officers or except as specifically authorized by the District.
11. Loiter on or about school property.
12. Gamble on school property or at school functions.
13. Refuse to timely comply with any reasonable request of identifiable District officials performing their duties.
14. Incite others to commit any of the acts prohibited by this Code.

15. Violate any federal or state statute, local ordinance, or Board policy while on school property or while at a school function.

16. Use language or gestures that are profane, lewd, vulgar, or abusive.

17. Smoke or use other tobacco or nicotine-containing products, except nicotine-cession products, on school property or at school functions.

18. Violate the Acceptable Use of Technology procedures established by the District.

B. Consequences

Persons who violate this Code will be subject to the following consequences:

1. Visitors — their authorization, if any, to remain on school property or at the school function will be suspended, and they will be directed to leave the premises. If they refuse to leave, they will be removed by local law enforcement authorities. The length of the suspension will be determined by administration after investigation of the violation and the violator will receive written notice of the District’s determination.

2. Students — they will be subject to disciplinary action as the facts may warrant, in accordance with the due process requirements and the terms of this Code (see Section VIII).

3. Tenured faculty members — they will be subject to disciplinary action as the facts may warrant in accordance with Education Law § 3020-a or any other legal rights that they may have.

4. Classified Civil Service Staff members -- They will be subject to disciplinary action as the facts may warrant in accordance with Civil Service Law § 75 or any other legal rights that they may have.

5. Staff members other than those described in subdivisions 3 and 4, above -- they will be subject to warning, reprimand, suspension, or dismissal as the facts may warrant in accordance with any legal rights they may have.

C. Enforcement

The Principal will be responsible for enforcing the conduct required by this Code.

When the Principal sees an individual engaged in prohibited conduct, which in his/her judgment does not pose any immediate threat of injury to persons or property, the Principal or his/her designee will tell the individual that the conduct is prohibited and attempt to persuade the individual to stop. The Principal will also warn the individual of the consequences for failing to
stop. If the person refuses to stop engaging in the prohibited conduct, or if the person’s conduct poses an immediate threat of injury to persons or property, the Principal will have the individual removed immediately from School Property or the School Function. If necessary, local law enforcement authorities will be contacted to assist in removing the person. The District will initiate disciplinary action against any student or staff member, as appropriate, consistent with Section B above. In addition, the District reserves its right to pursue or participate in a civil or criminal legal action against any person violating this Code.

XIV. Dissemination and Review

A. Dissemination of Code of Conduct

The Board will work to ensure that the community is aware of this Code of Conduct by:

1. Providing copies of a summary of this Code to all students and discussing the Code at a general assembly held at the beginning of each school year.

2. Making copies of this Code available for review by students, parents, and other community members.

3. Mailing a summary of this Code of Conduct written in plain language to all parents of District students before the beginning of the school year and making this summary available later upon request.

4. Providing all current teachers and other staff members with a copy of this Code and a copy of any amendments to this Code as soon as practicable after adoption.

5. Providing all new employees with a copy of this Code of Conduct when they are first hired.

6. Posting the Code of Conduct on the District website, opschools.org, for access by parents, students, and community members.

The Board of Education will review this Code of Conduct every year and update it as necessary. In conducting the review, the Board will consider how effective the Code’s provisions have been and whether the Code has been applied fairly and consistently.

The Board may appoint an advisory committee to assist in reviewing the Code and the District response to Code of Conduct violations. The committee will consist of representatives of student, teacher, administrator, and parent organizations, school safety personnel, and other school personnel.

Before adopting any revisions to the Code, the Board will hold at least one public hearing at which school personnel, parents, students, and any other interested party may participate.

The adoption of this Code of Conduct will not be construed as modifying or amending existing Collective Negotiations Agreements between the District and its Employees.
The Code of Conduct and any amendments to it will be filed with the New York State Commissioner of Education no later than 30 days after adoption.
