COACHING REQUIREMENTS  
Regulations of the Commissioner of Education  
Section 135.4 (c) (7) (i) (c) and Section 135.5  
The University of the State of New York  
THE STATE EDUCATION DEPARTMENT  

July 19, 2009

PURPOSE

In order to help provide a safe environment and successful experience for boys and girls  
who participate on interschool athletic teams, Section 135.4 (c) (7) (i) (c) of the  
Regulations of the Commissioner of Education pertaining to physical education include  
certain minimum requirements for a person to be appointed as a coach of an interschool  
athletic team (see Appendix A). This includes all head coaches and assistants for  
varsity, junior varsity, freshman and junior high (modified) teams of public schools.

Many times a person who would like to coach an interschool athletic team has little or no  
preparation to teach sport skills and techniques. The only qualification is often the  
person's participation on a college or university team, coach of a community youth team  
or perhaps experience as a professional player. While such experience is valuable, it  
does not constitute an adequate preparation for coaching an interschool team as an  
integral part of the school physical education program. Courses in techniques of  
coaching specific sports are necessary for persons not trained and certified as physical  
education teachers.

The coach needs to possess an understanding of the social, moral and physical values  
inherent in secondary school athletics. The coach needs to be aware of the basic  
philosophy and principles of athletics as integral parts of physical education and the total  
educational program for children. The coach needs to know the various regulations and  
rules governing athletics so that the decisions a coach makes will not adversely affect  
the eligibility of the students or penalize students unfairly.

A man or woman who coaches an interschool team must be capable of protecting the  
health and well-being of the students by having knowledge of the structure and function  
of the human body. A coach must have a working understanding of how to properly  
condition athletes and prevent injuries as well as recognize, evaluate and follow the  
proper course of action when injuries do occur.

The course requirements in the Regulation of the Commissioner of Education are  
intended to provide a person with an understanding of the basic philosophy and  
principles of athletics in education, the health related aspects of athletics and the  
techniques used to coach a specific sport.
WHO SHALL MEET THE REQUIREMENTS?

Regardless of the experience or teaching certificates a person may have, State Education Law, Article (6), Section 3001b, requires that a person appointed as a coach of an interschool athletic team must hold valid first aid skills and knowledge certification (minimum of 12 hours initial training, valid for 3 years); and adult CPR certification (minimum of 4 hours training, valid for 2 years). Training courses are conducted by the American Red Cross, American Heart Association, National Safety Council, and New York State Education Department approved agencies. First Aid and CPR certification must be approved prior to the first day of practice. The equivalent requirements such as sports medicine and athletic training courses are discussed later in these guidelines. In addition to the first aid certificate, all coaches of interschool teams must meet part or all of the course requirements in a pre-service and/or in-service program. Which requirements apply to the individual coach depend upon the nature of the sport to be coached and the coach's previous experience, training and basic teaching certificate.

Potential secondary school coaches may possess three different backgrounds:
(1) a certified physical education teacher;
(2) a teacher certified in an area other than physical education, e.g. English, mathematics;
(3) holds no teaching certificate and must qualify for a Temporary Coaching License.

THE FOLLOWING SHOULD BE NOTED FOR EACH TYPE OF BACKGROUND:

1. Certified Physical Education Teachers. A person who holds a valid certificate to teach physical education in New York State may coach any sport in any school, but must meet the first aid/CPR requirement prior to starting to coach.

2. Other Certified Teachers. Coaching a secondary school athletic team is considered teaching physical education. However, a person who holds a valid teaching certificate in an area other than physical education may also be appointed to coach. The person may either complete appropriate courses or meet the provisions of the "grandfather" clause, as noted below. The "grandfather" clause qualifies a teacher under Section 80.2(c) of the Regulations of the Commissioner of Education to do incidental teaching (coaching) in an area other than the one for which the person holds a certificate.

In addition to the first aid/CPR requirement prior to starting to coach, the certified teacher must (a) complete an approved course (or an equivalent course satisfactory to the commissioner – see Appendix C for the Coaching Equivalent form) in Philosophy, Principles and Organization of Athletics in Education within two years from the date of initial appointment as a coach; (b) complete a course on Health Sciences Applied to Coaching within five years of appointment as a coach; and (c) also, within that same five years, complete a course on Theory and Techniques of Coaching the sport or sports for which he/she is appointed.

A certified teacher does not need to apply for a Temporary Coaching License. It is the responsibility of the school administration to monitor and require certified teachers to meet all requirements to coach.

A) Temporary Coaching License (TCL). A person who does not hold a current New York State teaching certificate (e.g. physical education, English, mathematics) may be appointed as a temporary coach only if there are no certified teachers available with experience and qualifications to coach the team. The non-teacher coach must obtain a Temporary Coaching license from their school district's BOCES (Board of Cooperative Educational Services) by applying on-line through the NYSED TEACH system and meet all of the same course requirements for coaching as does the certified classroom teacher within the same time lines and extensions.

- Application for the initial Temporary Coaching License, must submit evidence of appropriate first aid and CPR; child abuse prevention workshop and violence abuse prevention workshop to the BOCES certification office. The appropriate fee must be submitted with each application (see Appendix E - Application for a Temporary Coaching License). Only one sport may be applied to a TCL.
- Applications a 1st renewal of a Temporary Coaching License must be accompanied by evidence of enrollment or completion of the Principles, Philosophy and Organization of Athletics in Education course.
- Evidence of completion of the remaining required courses must meet the same time line followed by certified teachers (see item #2 above).

B) Professional Coaching License (PCL). A person who has completed all the required coaching courses, child abuse and violence abuse workshops, maintains fingerprint clearance, has valid first aid and CPR certification, and has held a minimum of three Temporary Coaching Licenses for a sport per CR 135.4(c)(7)(4)(A) may apply for a three-year renewable Professional Coaching License. The PCL may be renewed for an additional three-year period upon the submission of a renewal application. An application for a Professional Coaching License (see Appendix F – Application for a Professional Coaching License) requires a fee of $50. Only one sport may be applied to each PCL.

Renewal applications must include a renewal application and fee; verification of current first aid and CPR; evaluations prepared by either the Principal or the Director of Physical Education/Athletics for each year coached.

TCL AND PCL APPLICATIONS:
Applicants must begin the licensure process directly through the on-line State Education Department TEACH system application process at www.highered.nysed.gov/tcert

ADDITIONAL AUTHORITY IN REGULATION:

1) A coach of a non-strenuous/non-contact sport is not required to take the last two courses on health sciences or theory and techniques courses (see Appendix B - Course Outlines).
2) **Extensions To Complete the Course Requirements:** An extension of up to **two additional years** to complete the last two courses may be obtained if there is sufficient reason given for an extension (see Appendix D - Application Form for an Extension).

3) **Lapse of Coaching Service:** An extension of up to **two additional years** may be granted by application to the Commissioner for extenuating circumstances that resulted in a lapse of coaching service from the time of initial appointment as a coach. (Appendix D – Application Form for an Extension)

4) **Grandfather Clause:** “persons who were employed as coaches in New York State schools on or before September 1, 1974 and who do not meet the requirements set forth in subclause (1), (2) or (3) of this clause, **may continue to coach any sport:**”

**OTHER REQUIREMENTS FOR APPOINTMENT TO COACHING POSITIONS**

1) **Fingerprinting Requirement**

The legislation on Project SAVE (Safe Schools Against Violence in Education Act) requires new school district employees (both certified and non-certified) as of July 1, 2001 to undergo fingerprinting and clearance for employment. The Teacher Moral Character Unit within the Office of Teaching is responsible for developing regulations for implementing this provision and is working with the Division of Criminal Justice Services and the Federal Bureau of Investigation on this requirement.

The State Education Department will produce fingerprint packets that include two fingerprint cards, information, instructions related to legislation, fees, due process rights and where to get fingerprinted. These packets will be sent to school districts and to colleges and universities that prepare teachers.

Further information regarding the Project Save fingerprinting initiative is available at the Department’s web site at www.highered.nysed.gov/tcert or by contacting the Office of Teacher Certification at (518) 474-6440.

2) **Child Abuse and Violence Abuse Workshops.**

In accordance with Section 80-1.4 completion of a study in child abuse identification and reporting, and school violence prevention and intervention. All candidates license shall have completed at least two clock hours of coursework or training regarding the identification and reporting of suspected child abuse or maltreatment in accordance with the requirements of sections 3003(4) and 3004 of the Education Law and completed at least two clock hours of coursework or training in school violence prevention and intervention, as required by section 3004 of the Education Law. Check with the local BOCES for course offerings or go to the following links to find an on-line class: http://www.highered.nysed.gov/tcert/certificate/ca.htm (child abuse identification) and  http://www.highered.nysed.gov/tcert/certificate/save.htm (SAVE) for more information.
WHO IS RESPONSIBLE FOR COMPLIANCE AND RECORDS?

Compliance: It is the responsibility of the board of education to appoint only coaches who meet the requirements as outlined in the Regulations of the Commissioner of Education. The chief school officer has the responsibility to see to it that all coaches once appointed by the board of education complete the necessary courses, to determine that the coaches are keeping their first aid skill and knowledge current and are complying with the coaching course requirements. Checking applicants through the SED TEACH system prior to submitting their names for appointment to the Board of Education is highly recommended.

Record Keeping: Each school district must keep permanent records on persons who have been and are currently coaching in the district. It is recommended that the director of physical education and athletics maintain these records. Information on the current coaching staff should be listed in the School District Plan for Physical Education.

WAYS OF MEETING THE EDUCATIONAL COURSE REQUIREMENTS FOR COACHING

The courses required to be completed will depend upon the nature of the sport being coached. In addition to the first aid and CPR requirement, a person coaching a non-contact/non-strenuous sport (bowling, golf, archery, rifle, shuffleboard, table tennis) need only complete the Philosophy, Principles and Organization of Athletics in Education course. This is normally a 3-credit college course or a 45-clock hour non-credit course.

Persons coaching contact/strenuous sports (football, soccer, track and field (indoor and outdoor), cross-country, gymnastics, wrestling, basketball, swimming, ice hockey, baseball, softball, lacrosse, field hockey, team handball, volleyball, tennis, fencing, crew, skiing, handball and badminton) must have valid first aid/CPR and must complete:

- Philosophy, Principles and Organization of Athletics in Education course (a 3-credit college course or a 45-clock hour non-credit course).
- Health Sciences Applied to Coaching (a 3 credit or 45 clock hour course) and,
- Theory & Techniques of Coaching (specific to the sport coached) (a 2 credit or 30 clock hour course)

(see Appendix B - Course Outlines and Sport Categories).

Ways in which the educational requirements for coaches can be met are:

1. Complete a State Education Department-approved course for coaches offered by approved agencies: schools, leagues, BOCES, colleges, universities or other like agencies; (an alphabetical list by location of approved agencies may be found on the Physical Education web page: www.emsc.nysed.gov/ciai/physed.html Click the item Toolkit, then click on the bullet: Approved Courses); OR

2. Obtain approval for equivalent experience in lieu of attending one or more of the courses. Applications for equivalent experience must be made to the Office of Curriculum and Instruction (click on Toolkit in the above link, then click on the bullet: FORM and send the form and appropriate documentation: transcripts, course descriptions, certifications, etc., to the State Education Department, Office of Curriculum and Instruction, 89 Washington Avenue, Albany, NY 12234, Attention: Physical
Please note: approval for equivalent experience applied to the Philosophy, Principles and Organization of Athletics in Education course is seldom given because few people received the practical experiences of working with the specific rules, regulations and interpretations which govern athletics in New York State schools.

The State Education Department does not issue course credit. Credit for courses is only given by approved agencies who offer the coaching courses. Partial or full credit towards fulfillment of required courses may be given for participation in appropriate conferences, clinics, coaching schools, other courses or experiences that provide knowledge of a comparable nature. Persons who believe they can qualify for such credit should contact the SED Physical Education Associate for an evaluation of their course experiences (Coaching Course Equivalents). A review may exempt persons from class sessions covering topics in which the person’s experience is judged to be sufficient.

All coaches must be current in first aid and CPR prior to the first day of practice for the assigned sport. First aid/CPR for coaches can be completed through various options. Options available include the following (First Aid valid for three years and CPR valid for two years for the purpose of coaching):

1. Completion of an approved First Aid or CPR program by the American Red Cross, American Heart Association, National Safety Council or other approved agency included on a list available from the State Education Department; OR
2. A State Education Department-approved college or university course on athletic training or sports medicine that includes first aid certification; OR
3. A State Education Department-approved In-service first aid course; OR
4. A State Education Department-approved college first aid course; OR

A list of State Education Department approved agencies providing in-service first aid courses is available online at: www.emsc.nysed.gov/ciai/physed.html click on Toolkit, then click on the bullet: Approved Courses. Insuring that all coaches continue to meet requirements for first aid and CPR from the date of appointment to coach an interschool team is the responsibility of the chief school officer. Prior to the start of each sport season, the chief school officer must require valid evidence that each coach has kept current with skill and knowledge of first aid and CPR and that all coaches have completed coaching course work as required.
