TIES promotes the participation of students and young adults who have developmental disabilities in inclusive, organized extracurricular and community activities with the support of trained student volunteers. TIES Newsletters share activity and event ideas, but your child is not limited to only these suggestions. If your child is looking to participate in a specific activity not presented here or has other interests, please let me know.

Botanical Gardens

Create your own miniature version of our Coleus and Creatures exhibit with this fun class just for kids! This workshop includes all materials needed to build a tropical terrarium complete with creature figures to bring home. Kids will learn about how terrariums work, how to create an enclosed ecosystem, how to care for their tropical plant and more! This special learning experience is best suited to kids ages 5-12.

Get up close and personal with our family of koi fish with this unique Gardens Exclusive! Enjoy early access to the Botanical Gardens before we open to the public with a special learning experience that's fun for all ages. Each participant receives a cup of koi fish food and time to help feed our fishy friends! Regular admission for the day is included, so you can explore the conservatory after the feeding. Select one or more dates!
