

Dear Junior,

I hope this email finds you all safe and healthy as we continue through this unprecedented time. On Wednesday afternoon, the OPHS Counseling Department sent you information and the link regarding the “virtual junior appointment” video. The video contains information that will answer many of your questions or may prompt questions about things you may have not previously considered regarding the college application process. Hopefully, you and your family have had the opportunity to view the video. The link is available [HERE](#) on the School Counseling page of the OPHS website.

I am reaching out to let you know that I am available for further conversation regarding the college admissions process either by telephone or Google Meets. If interested, please reply to this email by June 5th so that we can set a mutually convenient time for our conversation. I do request that, prior to our conversation, you take the opportunity to watch the video so that we have a common starting point. As always, and especially in light of these challenging times, I remain committed to supporting the needs of my students and families.

Regards,
