## INTROVERTED, INTUITIVE, THINKING, PERCEIVING "THE THINKER"

### All about INTPs

INTPs have a special gift with generating and analyzing theories and possibilities to prove or disprove them. They have a great deal of insight and are creative thinkers; this allows them to quickly grasp complex abstract thoughts. They also have exceptional logical and rational reasoning skills, which allows them to thoroughly analyze theories to discover the Truth about them. Since the INTP is driven to seek clarity in the world, we have a happy match of desire and ability in this personality type. INTPs will be happiest in careers that allow them a great deal of autonomy in which they can work primarily alone on developing and analyzing complex theories and abstractions, with the goal of their work being the discovery of a truth, rather than the discovery of a practical application.
