

INFJ

INTROVERTED, INTUITIVE, FEELING, JUDGING "THE PROTECTOR"

All about INFJs

The INFJ is a special individual who needs more out of a career than a job. They need to feel as if everything they do in their lives is in sync with their strong value systems - with what they believe to be right. Accordingly, the INFJ should choose a career in which they're able to live their daily lives in accordance with their deeply-held principles, and that supports them in their life quest to be doing something meaningful. Since INFJs have such strong value systems, and persistent intuitive visions that lend them a sense of "knowing", they do best in positions in which they are leaders, rather than followers. Although they can happily follow individuals who are leading in a direction that the INFJ fully supports, they will very unhappy following in any other situation.
